Ref: Approval by parents of Qinghua Chinese School offering first aid care to students in an emergency situation

Qinghua Chinese School, by law, has to ask the permission of parents to be able to treat their children in a case of emergency with First Aid. Rather than wait for approval each time by phone, we would like to seek your consent that we can offer first aid to your child immediately, if needed. Qinghua will always inform you of any situation regarding your child as quickly as possible

Please notify me by return if you do not wish Qinghua Chinese School to offer First Aid to your child in event of an emergency.
